爐內照明
The oven light is on.

解凍。利用內部風扇細膩解凍
Delicate defrosting using only the internal fan.

單層烘焗。利用頂部和底部的加熱元件，能做到理想的傳統烘焗效果
The top and bottom heating elements are on. Ideal for traditional static cooking on one shelf only.

底部的加熱元件和風扇，適合於烘焗最後階段時使用
The bottom heating element and the fan are on. Ideal for completing the cooking process and for sterilizing.

多層烘焗。頂部和底部的加熱系統使熱量分佈均衡
The fan and the top and bottom heating elements are on. The optimal distribution of heat makes it possible to cook several dishes at the same time.

風扇加熱。爐內後方的循環加熱系統，能一次烹煮不同食材而又不混雜味道
The circular heating element at the back of the oven and the fan are on. Different foods can be cooked at the same time without mingling aromas and flavours.

燒烤
The grill is on. Ideal for mixed grills.

燒烤加風扇，專門烹調肉類的烤肉功能，能把肉類烤至外脆內軟
The grill and the fan are on. Ideal for cooking meats to perfection: crisp on the outside and soft and succulent on the inside.

8 FUNCTIONS 八大功能

8 FEATURES 八大特點

節省能源
Energy Saving
“Class A” 歐洲能源效益標準。更省電，更方便
“class A” category representing the product with lowest consumption of energy.

多功能電子焗爐
Electric
多種烤焗功能選擇，耗電量低，方便易用
Electric ovens (fan, traditional and multifunction) all ensure perfect cooking results and low energy consumption and are extremely easy to use.

特別配製易潔搪瓷內壁
Easy to clean enamel
防止污垢粘附，清潔更容易
The special formula of Easy to Clean enamel (ETC) prevents dirt sticking to the inner walls and makes cleaning easier.

True Fan循環加熱系統
True Fan
循環加熱風扇，使爐內熱力分佈均衡，令食物全面快熟
The hot air generated by the circular heating element is distributed evenly inside the oven, cooking to perfection.

XL加大容量
XL oven cavity
烤箱空間經特別設計，增加超過15%容量，加強爐內的導熱功能
The oven cavity has been designed to increase the oven capacity by more than 15%. The oven cavity guarantees a better thermal retention.

數碼科技
Digital
使用數碼科技擴闊焗爐的性能，引入煮食新體驗
The use of digital technology to offers extensive opportunities in terms of performance and dialogue with users.

全玻璃內門
Full glass inner door
創新沒有鋼架的全玻璃內門，容易拆卸以方便清潔
The full glass inner door has no steel frame. The innovative glass removal system assures easy disassembly to facilitate cleaning the inner and outer glasses.

不銹鋼表面加防指紋處理
Stainless steel with fingerprint proof finish
不銹鋼防污處理，令爐面更美觀耐用。
Stainless steel ovens have undergone a special treatment that guards the appliance surface from marks that arise from everyday use.

FBO-78 FBO-38

FBO-38獨有
兩層伸縮式軌道易拉層架
伸縮自如，穩固安全
Integrated two level telescopic rail in FBO-38.
Guarantee soft and safe sliding of the baking pans.

Design 設計特式

- 三層隔熱存溫玻璃門
- 頂級不銹鋼防指紋處理
- 特大視窗
- 冷卻風扇及爐內照明
- 45毫米深底盤
- Triple glazed door with thermo-reflective glass
- Top-quality stainless steel with fingerprint proof finish
- Top cavity viewing window
- Cooling fan & interior lighting
- 45mm Deep tray

Programmes/Additional Features 程序 / 附加功能

- 電風扇多功能焗爐
- 八大功能可配合不同溫度設定
- 數碼屏幕顯示烹調時間設定和溫度
- 兒童安全鎖
- 時鐘連分鐘提醒功能
- 預設時間煮食功能
- Electric fan Multifunction oven
- 8 functions with multi-level temperature settings
- Digital display screen showing cook time and temperature
- Child safety lock
- Clock- minute minder
- Preset cooking time
